SKINCARE & MAKEUP INSPIRATION

The name merges two powerful concepts: GLOW, for the translucent skin that radiates like liquid glass, and MORPHO, inspired by metamorphosis and the iconic Morpho butterfly, a symbol of iridescent beauty and constant evolution.

GLOW MORPHO collection brings together treatment, active ingredients, protection and sheer, buildable textures to deliver a complexion that is lit from within.

This collection embodies the spirit of modern beauty. It is results-driven, effortlessly luminous, and unapologetically expressive. From dewy finishes to glossy tints and bold color statements, GLOW MORPHO celebrates freedom, transformation, and the power of light and colors on skin.
